

Policy Statement

Western Work Force providing recruitment and labour hire services acknowledges its moral and legal responsibility to provide a safe and healthy work environment for its employees, contractors, customers and visitors. Our commitment to achieving the principles of good health and safety in our workplace also extends to ensuring our operations do not place our employees or the community at risk of injury or illness.

Strategy & Objectives

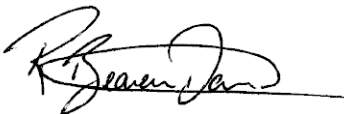

Western Work Force is committed to establishing measurable objectives and targets to ensure continued improvement aimed at the elimination of work-related injury and illness.

Western Work Force has implemented procedures to:

- Comply with all relevant legal, regulatory and other compliance requirements, as a minimum.
- Develop, implement and maintain a comprehensive and robust safety and health management system, with the involvement of our employees and contractors.
- Continuously improve our workplace safety and health standards by employing rigorous risk management processes.
- Conduct audits and inspections, set performance objectives and measure progress to ensure continuous improvement of the safety management system.
- Prescribe safety and health specific responsibilities in all employee Job Descriptions.
- Identify and implement relevant safety and health training for its employees.
- Promote safety and health awareness in the workplace to eliminate unsafe acts and hazards.
- Ensure that incidents, injuries, safety and health issues, are reported and investigated; and that the learnings are identified, implemented and communicated to all.
- Ensure that our Client's workplace and worksites safety standards comply with all relevant legal, regulatory and other compliance requirements.

Responsibility & Authority

The General Manager is responsible for the implementation and monitoring of this policy. In fulfilling the objectives of this policy, management is committed to regular consultation with employees and subcontractors to ensure the policy operates effectively, and that health and safety issues are regularly reviewed.
